Dear Peter

As you are aware BikeNZ and the elite track cycling team have recently relocated to Cambridge to be based at the Avantidrome. Having our staff and riders based under one roof at a world class facility like the Avantidrome is already having a significant positive impact on performance.

The other significant factor that has contributed to the success of the BikeNZ programme is the support of local Cambridge businesses such as Cogswell Surveys LTD. BikeNZ and the National Track Cycling Team would like to thank you and your team for the track survey you performed recently. This information will be critical as we work to find even the smallest gains towards Rio.

Thank you once again.

Yours sincerely
